

# MeckKidz Safety Guidelines

- All staff and volunteers working with children who are vaccinated will have the option of wearing a face covering or going without. As recommended by the CDC, any staff or volunteers who have not been vaccinated are asked to be masked when working with children while in the classroom.
- Masks are optional for children.
- Parents are asked to remain outside the classrooms when dropping off and picking up their children.
- Hand sanitizer is available. Please sanitize children's hands prior to entering classrooms.
- Rooms are properly sanitized during and between services.
- Children, volunteers and staff are asked not to attend if they are feeling ill, are experiencing any COVID-19 symptoms, or have been exposed to someone who has tested positive for COVID-19 in the previous 14 days.
- HVAC units throughout the building have been upgraded to the strongest filtration system to provide the cleanest air possible.
